ABOUT ME

I am a detail-oriented Mathematics and Statistics graduate with a robust skill set in web development, encompassing HTML, CSS, and JavaScript. My proficiency also extends to database management. I have practical experience in JavaScript, and my professional background includes serving as a software engineer. Notably, I hold the distinction of being a HNG finalist, underscoring my expertise in project management and competitive programming. With effective communication skills and a collaborative mindset, I am well-prepared to contribute to and thrive in various team-oriented endeavors.
